The Senior Class

VOLUME II
1926

CHAPEL HILL HIGH SCHOOL
CHAPEL HILL, N. C.

THE SEEMAN PRINTERY INCORPORATED
DURHAM, N. C.

Foreword

We have tried in making this little book of ours to show our friends something of our happy school life. If they find in it anything to entertain, amuse, or instruct we shall be greatly pleased and feel that our efforts have not been wholly in vain. If in future years we, in looking through its pages, can find in them happy memories of our high school experiences and friends we feel that our work, which at times was hard because of inexperience, will not have been wasted.

We here wish to extend our thanks and appreciation to all who have helped us in any way.

Hillife

JOHN WATSON AUTREY, JR.

Age 17—Weight 100—Height 5 ft. 3 ins.

Vice-President Senior Class; Assistant Art Editor Hillife (4); Hi-Y Club (4); Morrison Literary Society (2), (3), (4); Critic (4); Scientific Club (2); Co-operative Club (3), (4).

All classes have little members and big members. It fell to John's lot to be one of the smallest members of the class of '26. But size doesn't make any difference with John, for he is capable of doing anything that he attempts. His greatest talent is in Art. This year he is Assistant Art Editor of Hillife. The Seniors showed him how much they liked him by electing him Vice-President of the Class. We are expecting "big" things from this "little" man and we know we are not going to be disappointed, because John has never yet disappointed us.

HARVEY DANIEL BENNETT

Age 19—Weight 160—Height 5 ft. 11 ins.

Morrison Literary Society (1), (2), (3), (4); Dramatic Club (2), (3); Good Fellowship Club (4); President (4); Football Team (3), (4).

Behold the best looking boy in the Senior Class! But girls don't get excited, because we believe Harvey is already taken. It seems that one fair young Senior has a greater claim on him than any of the rest of us. He is a good athlete, but football is his favorite sport, and it is in this sport that he has done his best work this year. Harvey and History IV don't get along together so well, but we are sure that he is going to master even that, just as well as he has mastered everything else that he has undertaken.

Willife

ANNA PARKER BRAUNE

Age 17—Weight 125—Height 5 ft. 9 ins.

Literary Society (2), (3), (4); Dramatic Club (4); Girls' Athletic Association (3), (4).

Anna is one of the most dignified girls in the class, yet her dignity is not the "chilling" kind, and she is always sweet and friendly whenever, wherever you meet her. Her quiet, unassuming manner has added many of us to her list of friends. Anna's hair is her crowning glory. Her beautiful golden curls rival Psyche's, and she is the envy of all the girls in school whose tresses have fallen to the lure of the shears.

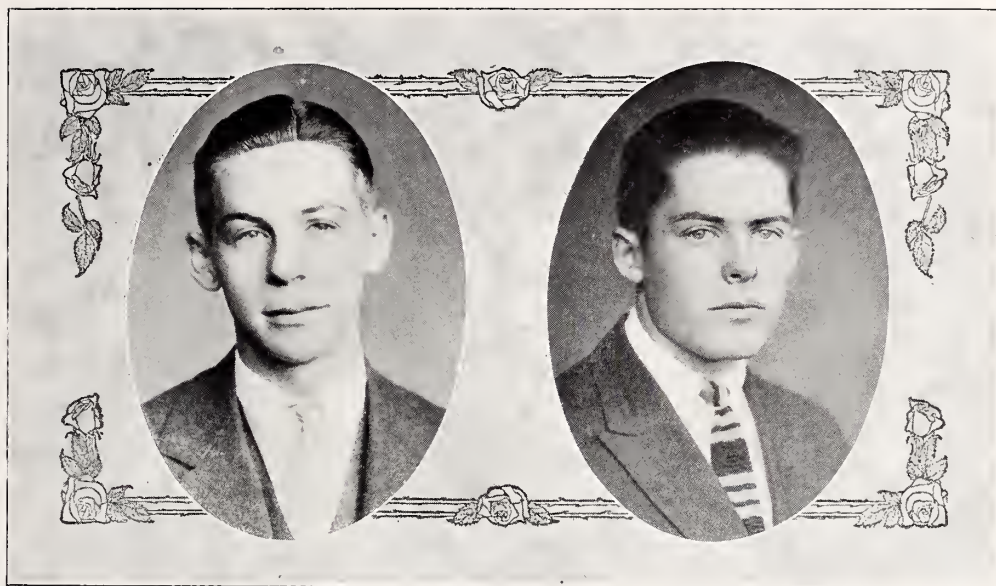

THOMAS WILEY BROWN

Age 18—Weight 135—Height 5 ft. 10 ins.

Morrison Literary Society (4); Dramatic Club (4).

Tom had two ambitions when he came to C. H. H. S. last September. One was to make the honor roll; the other was to make a "hit" with the girls. Both of these ambitions have been realized, and now he is "sitting on top of the world." Almost any day at lunch period one may find Tom and a member of the fairer sex in Room 9, "talking over the events of the day." Sometimes we wonder just what those events are.

Hillife

JOHN CALVIN BURCH

Age 19—Weight 140—Height 5 ft. 9 ins.

Morrison Literary Society (1), (2), (3), (4); Monitor (4); Dramatic Club (2), (3), (4); Historian (3); Class Basketball Squad (2), (4); Captain (4); Varsity Basketball Team (3), (4); Football Team (3), (4); Monogram Club (3), (4); President (4); Class Treasurer (3); Art Editor Hillife (3), (4); Hi-Y Club (3).

If Calvin plays the game of life as well as he played the game of football he will certainly be a success. This year he made all-state center. He has also done some good work during the basketball season. For two years Calvin has been Art Editor of Hillife. If you will look at the cartoons in our annual, you will agree with us that he deserves this position. He certainly knows his stuff when it comes to the ladies. The girls, it seems, don't mind this so much, in fact, they seem to like it. Such popularity must surely be deserved!

RUPERT LLOYD BYNUM

Age 20—Weight 155—Height 5 ft. 10ins.

Morrison Literary Society (2), (4); Co-operative Club (4); Vice-President (4); Track Team (2), (4); Basketball Team (2), (4); Football Squad (4); Scientific Club (2).

Rupert distinguished himself this year by making a place on the basketball team and by doing some stellar playing in several of our games. He seems to be somewhat shy of the "ladies". We don't know whether he is afraid of them, or whether his time is too valuable to spend with the opposite sex. Next year it's going to be Carolina for Rupert. Old U. N. C. will do well to get such a man as this one, and we think that in a few years Rupert will be playing on that All-Southern basketball quint that goes to Atlanta to the tournament every year and brings back the trophy.

Willife

VIVIAN BYNUM

Age 18—Weight 100—Height 5 ft. 2 ins.

Morrison Literary Society (1), (2), (3), (4); Dramatic Club (2), (3); Representative State Dramatic Association (3); Glee Club (4); President (4); Girls Athletic Association (3), (4); Secretary (3); President (4); Commencement Marshal (3); Basketball Squad (2), (3); Monogram Club (4).

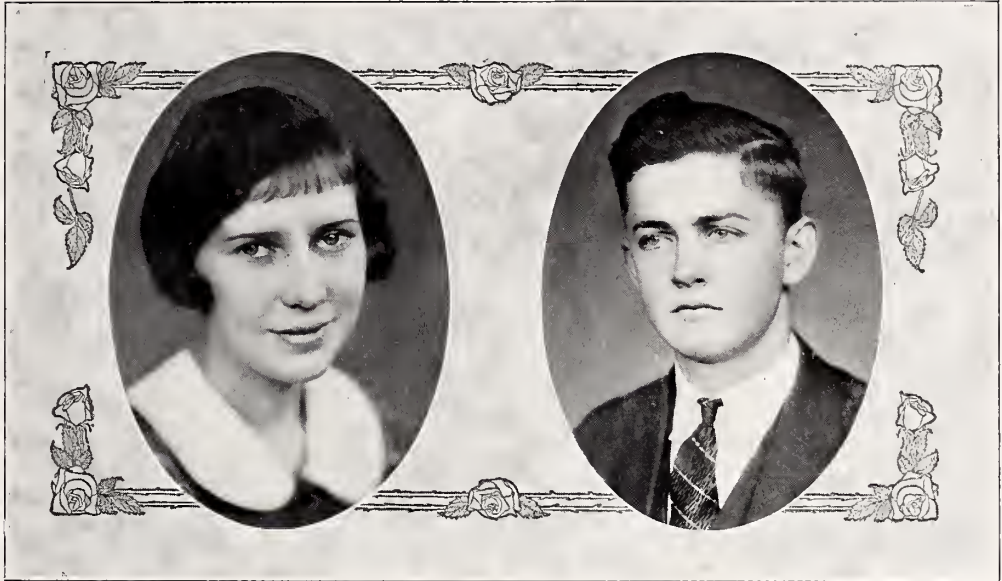

"Beany" is an all-round good sport. Every member of the class of '26 knows this. We mustn't judge her true worth by her size, for, although she's one of the smallest girls in the class, she's one of the best. She takes life easy and never has too much to do to go to the "Pick". "Beany's" worst ailment is "heart trouble", though it would be difficult to convince her of such. Is her malady incurable?

ROLAND ALBERT DODSON

Age 20—Weight 150—Height 5 ft. 11 ins.

Morrison Literary Society (3), (4); Fun Club (3); Dramatic Club (4).

Roland is one of the few quiet boys in the Class of '26. He never gets called down for loud talking, laughing, etc., like the rest of us. Don't think, however, that because Roland is quiet he is one of the "goody-goody" kind. Far from it. You have to know him well to appreciate what a fine fellow he is. He is very fond of music and many afternoons you can hear him playing the scales in Mrs. William's studio. Due to the fact that he lives out of town he is unable to take an active part in organized sports, but he is a loyal "backer" and strong supporter of the school.

AVA DURHAM

Age 20—Weight 97—Height 5 ft. 3 ins.

Literary Society (2), (3), (4); Public Speaking Club (2); Fun Club (3); President (3); Art Club (4); Basketball Squad (3); Baseball Squad (3), (4); Vice-President Class (3).

Ava doesn't talk much, but she is one of those people who doesn't have to talk to make you like them. For two years she has been a member of the girls' baseball squad. When Ava slings the bat—look out! She is always neat and attractive and the seniors have decided that she is the neatest person in the class—consult statistics.

LEWIS MANLEY DURHAM

Age 19—Weight 156—Height 5 ft. 8 ins.

Morrison Literary Society (4); Scientific Club (2); Dramatic Club (3); Music Club (4); Track Team (2); Agricultural Judging Team (1).

Lewis has the "rep" of always being behind time. This, however, doesn't prevent those who know him well from knowing his true worth. He is a studious, hard-working boy, which is certainly a valuable asset to anyone. Lewis has been too busy during his high school career to take an active part in athletics or other outside activities, but you don't have to be a good athlete to be a good boy.

Hilllife

LYDA HARRIS EUBANKS

Age 17—Weight 114—Height 5 ft. 3 ins.

President Senior Class; Morrison Literary Society (1), (2), (3), (4); Program Committee (3); Setzer Dramatic Club (2), (3), (4); President Dramatic Club (3) and (4); High School Chorus (1), (3); Girls' Athletic Association (3), (4); Training Leader (3); Representative to State Dramatic Association (3); Junior Editor Hilllife Staff (3); Commencement Marshal (3); Social Committee Student Government Association (4); State Play Contest (4); Senior Editor Hilllife Staff (4).

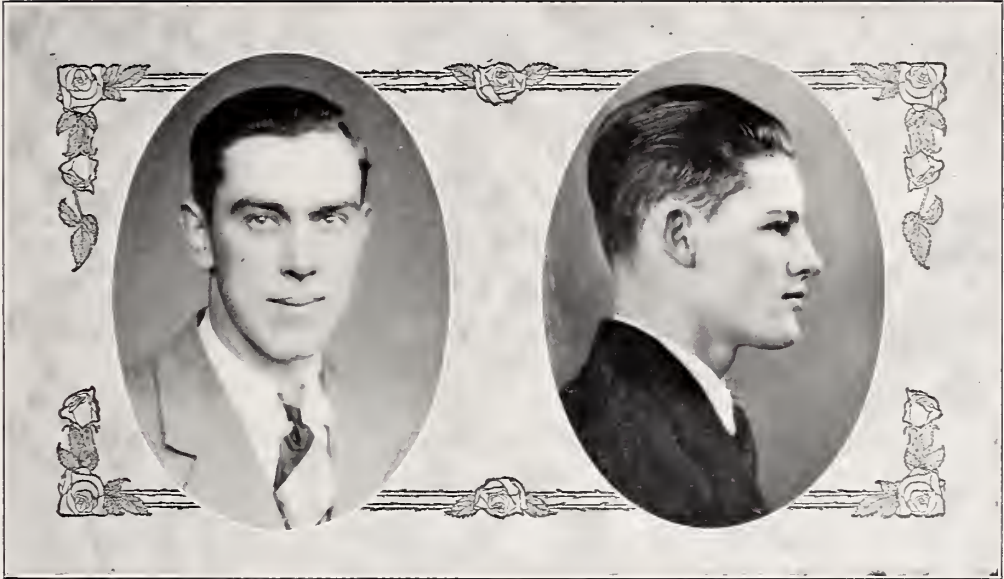

We can't say enough wonderful things about this smiling and beautiful president of the Senior Class. The many honors she holds show something of the honor and respect that we have for her, but never all the admiration and love that is in our hearts. She has proven highly efficient in all offices given her. In fact, she is so dependable that we have almost overworked her. We feel, in losing Lyda, that C. H. H. S. has lost a great deal of its charm and brightness. We know that she will bring honor to the College that she attends and that someday she will bring love and happiness to "someone", just as she has brought it to us in Chapel Hill High.

LOLA LEE HARWARD

Age 18—Weight 100—Height 5 ft. 2 ins.

Morrison Literary Society (2), (3), (4); Music Club (2), (3); Handicraft Club (4); President (4); Girls' Athletic Association (3), (4); Basketball Squad (4); Class Statistician (4); Hiking Leader (4).

We now turn to one of the most studious girls in our class. Lola not only takes six subjects and makes the honor roll, but finds time to go out for basketball as well. Her pet subject is chemistry in which she intends to major in College. She takes a great deal of interest in Church work and was voted the most religious in our class. Her time is valuable to her and every minute is occupied, but this doesn't keep her from being a jolly good sport and an all-round good girl.

ERNEST T. HEARNE

Age 22—Weight 167—Height 6 ft. 2 ins.

Baseball Team (1), (2), (3), (4); Manager (2); Hi-Y Club (2); President of Class (3); Vice-President Student Council (4); Morrison Literary Society (2), (3), (4); Scientific Club (2); Co-operative Club (3), (4); Secretary (3); Agricultural Judging Team (4); Commencement Marshal (3).

"Legs" is a good old fellow even if he is 6 ft. 2 ins. He is Vice-President of that celebrated organization called the Student Council. This fact alone would prove that he is O. K. "Leg's" chief delight is baseball, and he has been going out for this sport every year since he has been in High School. He is also a good scholar. If you don't believe us, ask any of the teachers. And now, "Legs" a happy future we're wishing to you, 'cause you deserve it, 'deed you do.

ELMER GEORGE HOEFER, JR.

Age 16—Weight 135—Height 5 ft. 8 ins.

Morrison Literary Society (1), (2), (3), (4); Scientific Club (2); Dramatic Club (3), (4); Hi-Y Club (2), (3), (4); Football Squad (2), (3), (4); Basketball Squad (4); Baseball Squad (4); Delegate to Hi-Y Conference (3).

It doesn't seem quite fair for such an amazing amount of knowledge and good humor to be compressed within the cerebrum of one single human being when it might be distributed among a dozen or more people. "Huffer" has a number of good traits, but the one that makes us like him most is his keen sense of humor. He never lets anything worry him, and whether it's a Chemistry quiz or a Hi-Y party to look forward to, he always looks on the bright side. Success is sure to come your way "Huffer," when you laugh so merrily.

HUBERT THOMAS HOGAN

Age 17—Weight 180—Height 5 ft. 11 ins.

Morrison Literary Society (1), (2), (3), (4); Agriculture Club (2); Scientific Club (3); Good Fellowship Club (4); Football Team (3), (4); Swimming Team (1); Monogram Club (3), (4).

Hubert hails from Calvander, and is rough and hardy constituent of the soil of good old Orange. He has gained a prodigious number of friends by his amiable ways and his football ability. He has held the berth of left guard for the last two seasons, (a position shunned by no one on the squad). Hubert is reputed to be a great swimmer, having a pond on his farm; another excellent solution for his speed. All his "26" classmates know the name of Hogan will be on the tongue tips of men. Luck to you Hubert!

EMILY MARKHAM

Age 17—Weight 107—Height 5 ft. 4 ins.

Morrison Literary Society (4); Dramatic Club (4); Girls' Athletic Association (4); Tennis Team (4).

Emily came to us in September from Durham High. Although she has been with us only one year she has become very popular and well-liked by the students at C. H. H. S. We don't know what she would do without her chewing gum, 'cause she's always chewing. We are sure that Emily couldn't count the times that she has been before the Student Council, but she takes it as a good sport. She was voted the "dumbest" person in the class of '26, but this must be one of those rare cases where "ignorance is bliss" because if Emily is dumb she certainly is a good old girl along with it.

Hillife

WILLIAM EDGAR MERRITT

Age 16—Weight 115—Height 5 ft. 5½ ins.

Morrison Literary Society (1), (2), (3), (4); President (4); Debating Club (2), (4); President (4); Dramatic Club (3); Debating Team (1), (4); Hillife Staff (3), (4); Hi-Y Club (3), (4); Basketball Team (4); Chief Cheer Leader (3), (4); Hi-Y Conference (3), (4).

Introducing the Honorable President of the Morrison Literary Society. Bill is small change, but he surely does rattle. He is one of the Stacombs sheiks of the High School, being a favorite with all the girls. He can do anything from playing basketball, to representing C. H. H. S. in the triangular debates. He is not only a good basketball player and a good debater, but he is one of the best little dancers you've ever seen. For proof of this last statement just ask the High School girls. Bill is too small to play football, but he plays the game as cheer leader. Here's to you, Bill, "May all your troubles be little ones, and all the little ones be girls."

ESTHER MARIE METZENTHIN

Age 15—Weight 130—Height 5 ft. 9 ins.

Morrison Literary Society (1), (2), (3), (4); Art Club (2), (4); Secretary (2), (4); Music Club (3); Girl's Athletic Association (3), (4); Bicycle Riding Leader (4); Secretary Student Council (3); Class Secretary (4); Class Historian (4); Second place in State Latin Contest (4).

Can you imagine a girl making 99 on three exams and 98 on the fourth one? Well, that is just what Esther did on her mid-terms. She also won second place in the State Latin Contest. Old '26 is proud to have such a person as this in her class. If you are ever having difficulty with a French sentence or a Math problem, just go to Esther! she can certainly help you out. We certainly do like her, and have proved this by electing her secretary and historian of the Senior Class. We know, Esther, that your success in life is assured, but we just must take this opportunity to wish you happiness and a host of friends in the future.

KATHERINE MORGAN

Age 16—Weight 116—Height 5 ft. 4 ins.

Morrison Literary Society (2), (3), (4); Public Speaking Club (2); Music Club (3), (4); Girl's Athletic Association (3), (4).

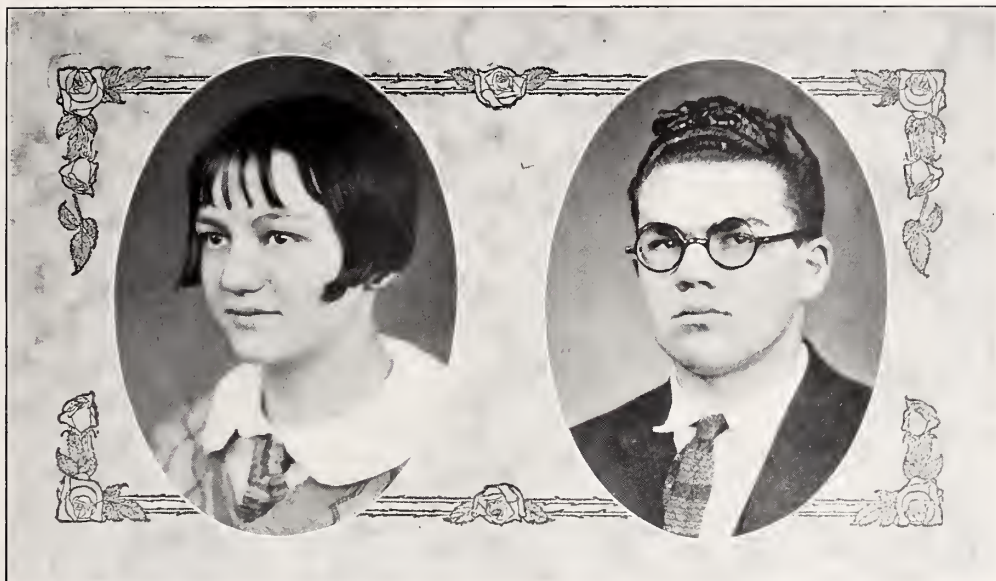

Katherine is a very substantial kind of a girl. She has a most lovable nature and is always sweet and sensible. She has worked hard and now her labors are rewarded. She is very efficient in her studies and is well versed in the fact that there is a time for work and a time for play. As a result the teachers have learned to depend on her—in fact, every one can depend on her. Katherine has won a place in our hearts which shall never be forgotten.

FRANCES LAWSON NEVILLE

Age 18—Weight 148—Height 5 ft. 6 ins.

Morrison Literary Society (1), (2), (3), (4); Setzer Dramatic Club (2), (3); Glee Club (4); High School Chorus (3); Girl's Athletic Association (2), (3), (4); Girl's Basketball Squad (1); Varsity (3), (4); Captain (4); Captain Baseball Team (3); Cheer Leader (4); Monogram Club (3); Secretary (4).

Jolly, good-natured Frances! We all envy her disposition. If everyone took life as easy as Frances, this would be a good old place to live. She is Captain of the girl's basketball team this year, and certainly deserves this honor, for she is a fine basketball player. This year she has shown her ability as cheer-leader, and her pep and enthusiasm at many football games inspired us to cheer our boys to victory. Here's to you Frances, "May the future bring happiness and success your way."

MILDRED MAE PARKER

Age 17—Weight 120—Height 5 ft. 3 ins.

Morrison Literary Society (2), (3), (4); Music Club (2); Fun Club (3); Glee Club (4); Basketball Team (2), (3), (4); Capt. Class Team (4); Girl's Athletic Association (3), (4); Vice-President (4); Volley Ball Manager (3); Monogram Club (3), (4); Baseball Team (3), (4).

Hail our best girl athlete! This is saying a great deal, for we have several good ones in our class; but Mildred deserves this honor. If you don't believe us ask Miss Atkinson. She goes out for all sports, but she most excels in basketball. This year she played forward on Chapel Hill's championship team. So much of Mildred's time is taken up with athletics that her grades are only average, but this is nothing against her for we all spend most of our time on the things we like most. Her success as a great athlete is, at any rate assured.

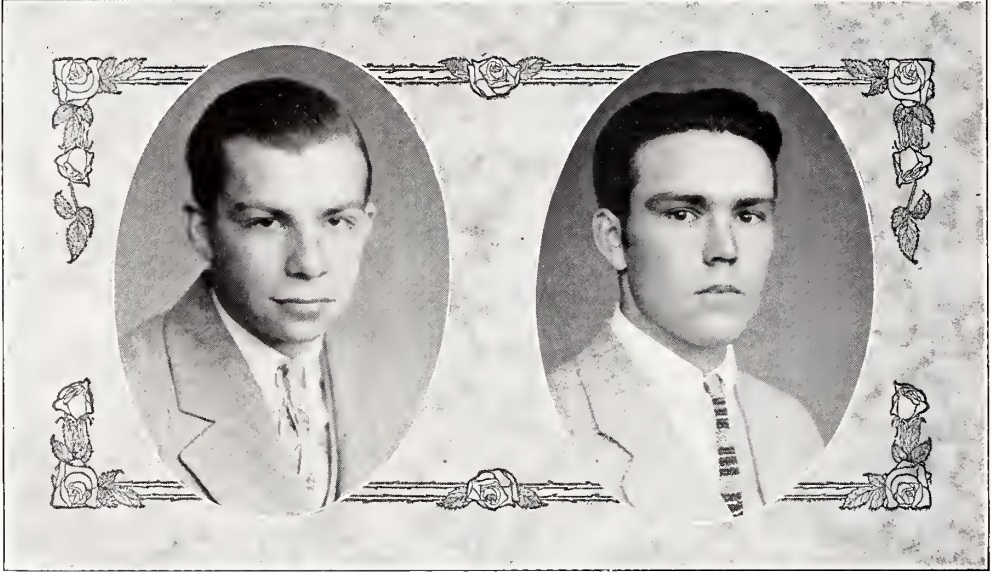

PAUL RAYMOND PATTEN

Age 16—Weight 160—Height 5 ft. 7½ ins.

President Student Body (4); Morrison Literary Society (1), (2), (3), (4); Vice-President (3); Scientific Club (2); Dramatic Club (3); Good Fellowship Club (4); Secretary (4); Football Squad (4); Band (3), (4); Orchestra (3), (4); Hi-Y Club (2), (3), (4); Secretary (3); Vice-President (4); Hi-Y Conference (3).

As president of the Student Body Paul has done wonders; as a member he has done his duty. If you think he hasn't executive ability, glance through his honors and you will see. Paul is also quite a musician and for two years he has been a member of both the band and orchestra. The height height that he has reached as president of our Student Body is a mere sample of his ability to obtain the higher things of life.

Hilllife

SAMUEL CARPENTER PAULSEN

Age 17—Weight 150—Height 5 ft. 8 ins.

Morrison Literary Society (1), (2), (3), (4); Dramatic Club (2), (3), (4); Assistant Director (4); Hi-Y Club (2), (3), (4); Conference (2), (3); Football (2), (3), (4); Baseball (3), (4); Tennis (3), (4); State Play Contest (3), (4); Band (3); Orchestra (3); Commencement Marshal (3); Assistant Editor-in-Chief Hilllife (4); Monogram Club (4).

Sam takes an active part in all school activities, but especially does he "shine forth" in athletics. During the football season of this year the brilliant name of "Sam Paulsen" many times adorned the sport pages of several state papers, as a star in the game which Chapel Hill had played with some neighboring town. He can go for days without opening a book and still manage to get by. We must, however, attribute this to the fact that he is naturally "bright." Next year it will probably be Carolina, but wherever you are, we're expecting great things from you, Sam.

GRADON O'KELLY PENDERGRAFT

Age 20—Weight 155—Height 5 ft. 9 ins.

Football Team (1), (2), (3), (4); Baseball Team (1), (2), (3), (4); Basketball Team (4); Senior Marshal; Debating Club (1), (2), (3), (4); Monogram Club (3), (4); Morrison Literary Society (1), (2), (3), (4).

G. O. P. is the two gun terror of Orange County. This boy's ambition, we are told, is to become a real prairie shiek. Gradon left school for a while, but soon tired of State Highway work and returned to C. H. H. S. to complete his "football education." He has the distinction of being the biggest bluff in the senior class, and is always on the lookout for someone who is willing to listen to his never ending "line".

We are especially proud of Gradon because this year he made the debating team. C. H. H. S. could not have had a better orator to represent her in the triangular debate.

Willie

WILLIAM ALVIS PERRY

Age 18—Weight 160—Height 6 ft. 1 in.

Morrison Literary Society (1), (2), (3), (4); Scientific Club (2); Dramatic Club (3), (4); Hi-Y Club (2), (3), (4); Football (1), (2), (3), (4); Team (4); Basketball (1), (2); Track Team (1), (2), (3), (4); Capt. (4).

Willie's hobby is arguing. Sometimes the argument gets so hot that a little flash of Willie's temper gleams forth, but this isn't often, and Willie has so many other good qualities that we forget all about this when we are around him. He went out for football again this year and was an important man in the line up. We might say about Willie that he is not too sober, and not too gay, but a true blue boy in every way.

LILY THOMAS RAE

Age 17—Weight —Height 5 ft. 2 ins.

Morrison Literary Society (2), (3), (4); Girl's Athletic Association (4); Music Club (3), (4); Lost and Found Committee of Student Government Association (4).

Lily has by hard earnest work, attained the goal of seniorhood. When a responsibility has come her way she has assumed it and done her duty. She seldom expresses her own opinions, but is a good listener. She has been especially interested in the welfare of the Senior Class, and, although she hasn't held a senior office, she has done her part to make a success the things that the Class of '26 has undertaken.

Hillife

ROSA HANSARD RANEY

Age 17—Weight 116—Height 5 ft. 1½ ins.

Morrison Literary Society (1), (2), (3), (4); Dramatic Club (2), (3), (4); Secretary (4); Student Council (4); Editor-in-Chief Hillife (4); Girl's Athletic Association (3), (4); Girl's Chorus (1).

Rosa is certainly an ideal girl. She well deserves the position of Editor-in-Chief of Hillife and has worked hard to make it a success. In times of serious trouble, such as studying for a Chemistry quiz, Rosa is never down-hearted, but always wears a smile and looks on the bright side of things. Her ambition is to be a teacher. If she manages a school room as well as she has managed her school work this year—well, we wouldn't mind being one of her pupils.

CHAUNCEY LAKE ROYSTER

Age 16—Weight 130—Height 5 ft. 8 ins.

Morrison Literary Society (1), (2), (3), (4); Dramatic Club (2), (3), (4); Hi-Y Club (3), (4); Football Squad (4); Baseball Squad (4); State Play Contest (4).

We understand that "Taddy" is quite cosmopolitan. His travels have been frequent and far, and his knowledge and advice, are consumed by his brethren with relish. "Bull sessions" in which he participates are indeed fruitful. He has taken part in school activities extensively and has stuck through basketball, football, and baseball faithfully. It is rumored that he will attend Woodberry Forest next year. We wish you luck, Chauncey.

Hillife

NANNIE LOCKHART RUSSELL

Age 19—Weight 110—Height 5 ft. 3 ins.

Morrison Literary Society (4); Girl's Athletic Association (4); Glee Club (4).

Perhaps you have wondered that the Spring Term was welcomed with such enthusiasm—why with it came Nannie! We rather hesitate to attempt to relate all her good points for unfortunately Hillife offers only a certain amount of page space per senior. She is very pretty, attractive and generous. The aspired future, we understand, is that of an artist. We wish you the ready attainment of that ambition, Nannie—and the road to success will not be too rough, for charm is effective in overcoming obstacles.

WALTER TEER

Age 19—Weight 170—Height 6 ft.

Morrison Literary Society (2), (3), (4); Scientific Club (2); Co-operative Club (3), (4); Secretary (4); Football Team (4); Baseball Team (4); Monogram Club (4).

In rattles the Ford and Walter is here. He drives his tin-lizzie fifteen miles every morning to school. In spite of the fact that he lives in the country he finds plenty of time to go out for athletics, and has made quite a name for himself in both football and baseball. If all pupils behaved in school as well as Walter, the teachers would have fewer grey hairs in their heads and fewer wrinkles on their brows.

Hillife

FRANCIS DUBOSE UZZELL

Age 17—Weight 125—Height 5 ft. 7½ ins.

Morrison Literary Society (1), (2), (3), (4); Scientific Club (2); Debating Club (3), (4); Track Squad (1), (2); Track Team (3), (4); Football Squad (4); Swimming Team (1); Hi-Y Club (2), (3), (4); Conference Delegate (2), (3).

Is he a stepper? Well I guess!!!! "Duboozey" will make something out of himself wherever he goes. Everybody knows this—never made a social error in all his brilliant career. Is he popular? Why everybody knows the boy. He certainly will take a lot of teasing without getting mad. He always keeps his temper covered up deep. He is one of the few boys in this high school who has "put out" real honest work. "Duboozey" will be a success at anything he goes in for.

KATHERINE WALKER

Age 16—Weight 108—Height 5 ft. 4 in.

Morrison Literary Society (1), (2), (4); Setzer Dramatic Club (1), (2), (4); Girl's Athletic Association (1), (2), (4); Track Manager (2); Skating Manager (4); Basketball Team (2), (4); Tennis Team (4); Cheer Leader (4); Monogram Club (2); Vice-President (4); Class President (2); Hillife Staff (2); Student Council (2); Social Committee Student Government Association (4).

"L" was voted the most popular girl in High School. This shows how much everybody likes her. She is one of the youngest members of the senior class, which is score one for her mental ability. This year she was an important part of the girl's basketball squad, having made the first team. There were not many guards in the state better than "L". Her mental ability combined with her winning ways and good looks will assure her a bright and happy future.

Willife

JOSEPH CALHOUN WARREN

Age 17—Weight 146—Height 6 ft. 2 ins.

Morrison Literary Society (2), (3), (4); Scientific Club (2); Music Club (3); Co-operative Club (4); Secretary Club (4); Baseball Squad (3), (4); Football Squad (4); Hi-Y Club (3), (4); Delegate to Hi-Y Conference (3).

Although "Shiek" came to us from the great City of Allendale, S. C., he has proven himself worthy of a good deal of credit. He not only starred as a baseball pitcher but also as an end in the line. The girls, however, seem to have a greater drawing power to him than basketball. The humor of this veteran of Ft. Bragg will not allow him to be as dignified as the average, as his conduct shows at Hi-Y meetings. In addition to being a good all-round fellow, he has a tendency for music, and his bass voice can be heard distinctly when the class song is sung.

TREVA BETTIE WILLIAMS

Age 16—Weight 102—Height 5 ft. 4 ins.

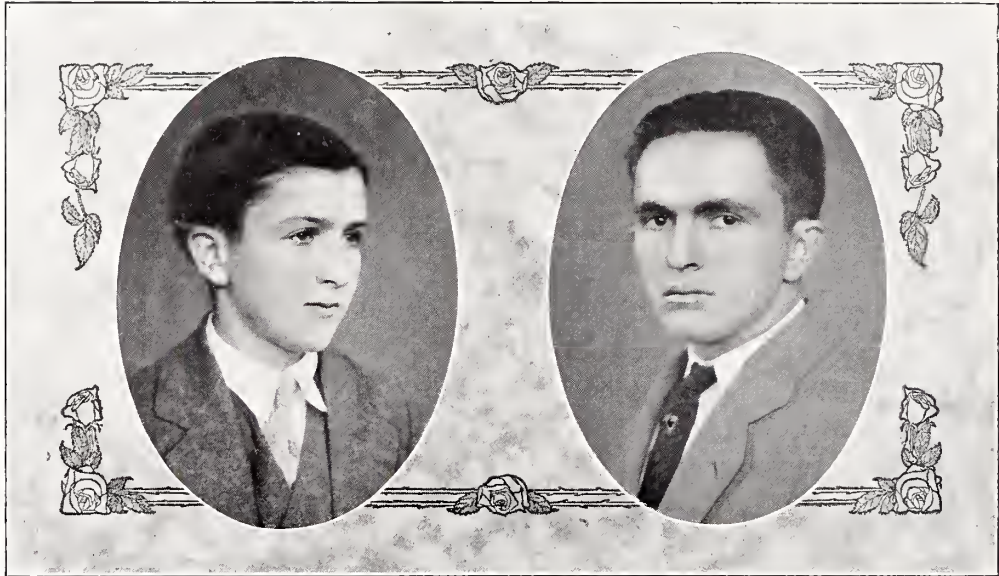

Girl's Athletic Association (3), (4); Baseball Squad (4); Basketball Squad (3); Team (4); Morrison Literary Society (2), (3), (4); Music Club (3); Dramatic Club (4); Girl's Chorus (3), (4).

Everybody knows Treva. She shines every minute of the day from English, first period, to Chemistry, last period. Especially on the last is she a very brilliant light. She hardly gives anyone else a chance to answer a question, unless Miss Whitley calls her down. Treva just likes to talk but this is only the habit of her sex and is by all means excusable.

Treva also goes out for all sports, basketball being her favorite; she starred in this sport this year.

Here's wishing you luck, Treva, in what ever career you may choose!

Willife

GEORGE TAYLOE WINSTON

Age 16—Weight 97—Height 5 ft. 2½ ins.

Literary Society (1), (2), (3), (4); French Club (3); Music Club (3); Dramatic Club (2), (4); Hi-Y Club (4); Constitutional Committee Student Government (4); Class Prophet (4); Swimming Team (1); State Play Contest (4).

The most mischievous little boy in our class is George. No matter how out of humor the rest of us may be if George comes along our cares will vanish. He also has that rare element called brains. Arguing is his chief delight. Only on Chemistry did he give up; but he conquered Virgil! Enough said! We are expecting great things from this very witty personage, and we know that we are not going to be disappointed.

AUBURN LESLIE WRIGHT

Age 19—Weight 160—Height 5 ft. 10 ins.

Morrison Literary Society (2), (3), (4); Scientific Club (2); Co-operative Club (3); Good Fellowship Club (4); Football Team (2), (3), (4); Basketball Team (3), (4); Baseball Team (1), (2), (3), (4); Vice-President Class (2); Secretary (3); Treasurer (4).

Hail the boy who pitched the baseball game in which Chapel Hill beat Durham! That is exactly what Auburn did this year. Not only is he a baseball star, but he is an important part of the football and basketball squads as well. He is quite good-looking. (We are not the only ones that think so.) He is trusted by everyone, especially the seniors, being treasurer of this most noted class.

Farewell Song

Tune: Graduation Song (Ancient Melody)

I

*Our High School days are past and gone,
But yet we fondly linger here;
As out into the world we go.
We've made good friends and "studied so"!
We've won the victories great and small
In football, track and basketball.
No matter what the rest would do,
You've always found that we were true.*

II

*The world before us brightly lies;
Yet here fond memory loves to dwell
That binds us in sweet friendship ties.
'Tis twenty-six we love so well.
The daisy is our symbol, dear.
The white and gold we'll ever cheer.
The saddest tale we have to tell
Is when we bid our school farewell!*

LYDA EUBANKS, '26.

ROSA RANEY, '26.

Class Song

*We've come a long long journey,
We've traveled many a mile
But we are glad to see you
And greet you with a smile.
When we first reached the High School
We thought we knew it all
But soon there came the knowledge
That we were very small.*

CHORUS

*Class of twenty-six you see! Just as happy as can be.
Work and play every day have brought us on our way.
C. H. H. S. Hail to thee! We will ever loyal be.
You must know that we will show
Our love for you wherever we may go.*

*The eighth and ninth and tenth grades
Each one went creeping by
When GRADE ELEVEN reached us
We held our heads up high.
The daisy is our flower
Our colors white and gold
And all the wide world over
Our wisdom must be told.*

CHORUS

History of the Class of 1926

It was the 11th day of December in 1922 when the good ship "1926" stood at anchor at the wharf of High School. A crowd was around the dock, looking on while the faithful group of passengers but lately disembarked from a ship from Grammar School River, embarked on this large, new vessel. She appeared indeed seaworthy, fitting to bear these young passengers on to their destination—the shore of High School graduation.

The ship slowly begins to move. Last good-byes are called. There are shouts of, "We're off!"—on the Freshman Sea. Miss Summerrel was our able pilot, Miss Green and Mr. Morrison our commanders-in-chief.

Even on the first days out we had some stormy weather and struck a few rocks. That huge cliff over there—huge to the *nth* degree—one might easily guess Mathematics, even though the lightning did not write the word in fiery letters. The ship goes safely by—a sign of relief from the crew. Another danger—the Latin rock; but soon from that, too, we are safe. Through the lesser rocks we are easily able to steer, thanks to the efforts of our competent pilot.

For the material well-being of the crew, a new cafeteria was installed in the vessel and proved a great attraction, some members even visiting it while supposed to be on duty.

As we neared the Isle of Recreation and Amusement, we saw many ships anchored there. There was a dock reserved for the good ship "26", and we gladly cast anchor. We found a High School Chorus being organized with Mr. Shelton for its leader. They were so enthusiastic over the beautiful voices of many of our numbers that they invited us to join. A Debating Team was also being organized and here William Merritt found that he could use his talents to advantage.

As fearful as the passage between Scylla and Charybdis was the passage through Examination Week. But it was necessary to pass this terror in order to come out on the wider Sophomore Sea, one year further on the voyage to our goal.

One of the first things of note to happen in this year was the installation of a large clock, accessible to everyone. Now, at last, we were assured of never having to be on duty longer than the allotted time! Formerly the periods of duty were timed by the unreliable gyrations of a watch. We found also that additions had been made to our worthy ship—2 new classrooms.

There were many islands in our Sophomore Sea. A large island is ahead. We shall stop, of course; we always like to see people and hear of their voyages. At the entrance of the harbor we see, "Isle of Entertainment and Recreation." A play is in process of formation "Savageland"—what an interesting name! We must try for parts. From our crew came one of the heroes—Dick Battle, and a goddess-heroine—Betsy Woollen. Do we not still remember that play, made famous by some of our number? From our crew, too, came many of the minor actors, who deserve recognition for their hard work. Further inland is a basket-ball field. Here the Sophomore boys played the other classes of Chapel Hill High School, and left with the High School Championship.

For recreation between the periods when we were on duty in classrooms, a new plan was adopted for Literary Society, which before had not been very well attended. Clubs, such as Dramatics, Music, Art, Debating, Etc., were formed according to the interests of the passengers. These clubs were to meet three times a month during school hours. The plan succeeded very well, indeed.

We touched at the shore several times to meet parents and friends in the P. T. A. A cup was given to the class which had the most parents present. Our good ship sailed with this cup through the Sophomore Sea.

Our ship stopped at Hillsboro Isle toward the end of this year of our voyage, for a County Commencement. We found that Chapel Hill won a great number of the contests.

The log of our Sophomore voyage would not be complete without mention of our class Father, Mr. Paulsen. He was always ready to advise and encourage us, and on athletic organizations, also, we have in him a staunch friend.

The good ship "26" docked for the summer on the Sophomore side of the straits leading into Junior Sea. All passengers got off for three months to recover from any bad effects the sea voyage might have had.

When it was time to sail into the Junior Sea, we found that Miss Green, one of our able commanders-in-chief, had sailed to the Isle of Matrimony on the China Sea; and that Miss MacMillan and Miss Ward had embarked on exploring expeditions to other countries. At the beginning of the year Mr. Sides was temporarily appointed our commander-in-chief, and later the appointment was made permanent.

Our pilot through the Junior Sea was Miss Whitley, and ably did she fill the post. Our Captain was Ernest Hearne, and our purser Calvin Burch.

Stopping at Music Island, we organized a band, an orchestra, and music classes, and these added much to our school life.

Much work was done on Athletic Island this year. A girl's Athletic Association was formed by the Chapel Hill High School girls, with leaders for various sports. Vivian Bynum, a member of our crew, was the secretary of this organization, and Lyda Eubanks, Frances Neville, Delfrey Penny, and Mildred Parker were leaders. The Chapel Hill High School girl's basketball team made a fine record, going far in the Championship Series.

In the spring the Setzer Dramatic Club gave a one-act play, "The Wonder Hat," which was a great success. It was entered in the State Contest of One-Act Plays and almost won the State Championship, giving place to Winston-Salem. One of the characters, Sam Paulsen, came from our crew.

As we were nearing the end of our third year's voyage, we decided that we would order our badges of merit, in the shape of rings and pins, so that we could wear them during the whole fourth year of our cruise. They were to be of beautiful gold, engraved with the name of our good ship "1926".

From our three years' experience we had learned to sail through the stormy Billows of Exams. The only way to pass them safely is to lash oneself firmly to the Beams of Knowledge. Though one may emerge somewhat shaken, still one does emerge.

The night before disembarking from the voyage on Junior Sea, we caught up with the good ship "1925", and there were great festivities. We Juniors went 'round by the shore the next day to meet the Seniors and to assist them in the solemn rites of Class Day and Graduation Day. This done we left our good ship on our summer furlough.

On returning we embarked on the wide, smooth Sea of Senior-hood. Such good seamen as we were should have no fear of storm and rock. Our one difficulty was a peculiar rock, jutting out into the water where one was sure of a deep, safe channel. The ship gave a few lurches, and some fell overboard, but when we were past the danger, we managed to pick them up. We should have been more careful, warned by the experience of other sailors on the Chemistry Rock.

A shining, new metal edifice adorned our deck—"Old Ironsides"—commonly known as the "Tin Can". Here, three times a week, our crew was given various drills and games, styled "Physical Education". It may have been the rolling of the vessel, it may have been the slippery decks, it may have been inattention to the commands of our superior officers,—at any rate, as a mass, we were designated "3". A sliding board, giant stride, and swings, also on our deck, often enticed the weak from study periods.

Our pilot through the vast Senior Sca was Miss Graves, and our Captain, Lyda Eubanks. On one of the first days out, all who had faithfully stood by the ship received merit rings and pins. How proud we all were of them!

We had been learning through the four years of our cruise to rely more and more on our own judgment and to develop a sense of responsibility. Our Student Government had meant much to us in this direction, and the able president of this organization, Paul Patten, and his assistants had done well their part. "Senior Privileges" were conferred upon us, and, we were no longer cooped up in our little cabins for study.

As this log goes to press before the consummation of our voyage, I am unable to describe our ecstasy on receiving our diplomas, our honorable discharges from the service of the good ship "1926".

The officers and crew of "1926"—may they all live long and prosper!

ESTHER MARIE METZENTHIN,
Class Historian.

Class Statistics

(AS VOTED BY CLASS)

*As Mark Twain did often say
Many times to those of his day:
"Of the lies, there are three—
White ones, black ones, and statistics."
But, gentle reader, don't get upset
And argue with this cynical man
For these statistics we're showing you
Are based on judgment sound and true.*

The Last Will and Testament of the Class of 1926

STATE OF NORTH CAROLINA,
COUNTY OF ORANGE,
CITY OF CHAPEL HILL:

We, the Class of 1926 of Chapel Hill High School, realizing that we will soon be obliged to leave these four walls, and to enter upon a new life, and being in possession of certain property and effects, of which we wish to dispose before departing, have drawn up this document.

We, the Class of 1926, being of sound body and mind (that is to say, as sound as could be expected, considering our past four years of mental contortions) do now hereby declare and publish this final disposition of our property, in manner and form following, to-wit:

ITEM I.—To the class of '27 we will and bequeath our most esteemed and newly bestowed privileges and all appurtenances thereof.

ITEM II.—The departing members of the "motley crew" will to anyone that wants them all their fond memories of high school days.

ITEM III.—We will to the class of '28 our colors, flower and motto, and all of our estate not heretofore or hereafter mentioned.

ITEM IV.—Being sorely in need of such, the entire High School receives with our blessings, our records and ability in athletics. (Francis Uzzell, whose wonderful track record is well known, is first in this bequeath.)

ITEM V.—Calvin Burch, alias "Sleepy", alias "All American", alias "Lovey", alias any other thing you please, wills his ability to draw to Reg Schmitt, who is a well known cartoonist, his latest on the bulletin board having excited a great deal of comment.

ITEM VI.—Gradon Pendergraft wills his modest retiring nature to Joe Couch.

ITEM VII.—Elmer George Hoefer, Jr., whose motto is "where there's a will, there's a way," desires to will his attractive feet and small shoes to John Warren, hoping that John's feet, which are rather large at present, will be more attractive in the future.

ITEM VIII.—Hubert Hogan wills his graceful carriage and walk to Noel Cate.

ITEM IX.—We leave to the Freshmen Class our deepest sympathy, for we realize now that we have attained Seniorhood, how much hard work a "sheepskin" from C. H. H. S. represents.

ITEM X.—We hereby constitute and appoint our Class teacher, Miss Nellie Graves, our lawful executor to all intents and purposes, to execute this, our last will and testament, according to the true intent and meaning of the same, and every part and clause thereof.

In witness whereof we, the said Senior Class of Chapel Hill High School, do hereunto set our hand and seal, this the 1st day of June, 1926.

SENIOR CLASS,
CHAUNCEY ROYSTER, *Testator.*

Prophecy of the Class of '26

How time does fly! Here it is 1935. Why, it seems as if it was only yesterday that I graduated from old C. H. H. S. I wonder what's happening on the Hill now. I certainly haven't kept in touch with the place as I should have. There must be quite a few railroad lines and air roads through there now. My work in Paris will have to stand for a few months, because it is time I look for some of my old high school friends.

Yes, I want to see the record of the graduates from the Chapel Hill High School. What year? Well let me see—that was back in '26. Is this it? Thank you.

CHAPEL HILL RECORDER

Rev. John Watson Autry—Reverend Autry is now residing at Burlington, N. C. He is a preacher at the Methodist Church on Watts Street. He is married and is the father of three children. His hobby is cartooning for the Burlington Sun.

Mr. Harvey Bennett—Now residing at New York. He is a very promising lawyer there and may run for state senator. Mr. Bennett is single.

Mr. Tom Brown—At present residing in Greensboro, N. C. He is a teller in the First National Bank of Greensboro where he is doing very well. He is single.

Mr. J. C. Burch—Residing in Philadelphia where he is doing some very good cartooning for the funny sheet in the Philadelphia Times. Mr. Burch is living with his three children. He is a widower.

Mr. Rupert Bynum—Owns several large tobacco mills at Wilson where he is living with his wife and her mother. He is said to be worth several millions. Mr. Bynum started as an overseer in the largest of the mills which he owns.

Miss Vivian Bynum—Now Mrs. T. C. Ashley. She is living with her two children, her husband being at present in Egypt where he is doing some research work on the origin of man.

Miss Nannie Russel—At present she is residing at the home of her aunt in Tampa, Fla. Miss Russel is engaged to Mr. N. O. Webster.

Miss Ava Durham—Miss Durham is a Physical Education teacher in Winston High at Winston-Salem, N. C.

Mr. Roland Dodson—Has his permanent home at Columbia, S. C., but spends most of his time on the road since he is a traveling salesman. His wife runs a boarding house in Columbia.

Mr. Lewis Durham—Mr. Durham is leading a very secluded life in Ausin, Texas. He is a clerk in the city bank there. As yet he has shown no intentions to live any but a single life.

Miss Lyda Eubanks—Now Mrs. Eggmore the wife of the famous movie actor. She has played opposite him in several interesting screen dramas. She is becoming a very famous actress.

Miss Treva Williams—Living in Chicago where she is classed as the best milliner to be had. She will be married as soon as her fiance returns from Paris.

Miss Lola Harward—Now Mrs. A. V. Burton the wife of the famous New York contractor. There are four children in her family.

Mr. E. George Hoefler—The Mr. Hoefler of the famous real estate co. Hoefler and Hoefler which is at Pensacola, Fla. Mr. Hoefler has a wife and six children.

Dr. Ernest Hearne—He is a very good doctor at Bisbee, Arizona. Dr. Hearne has a wife and one child.

Mr. Hubert Hogan—Living in the country several miles from Chapel Hill where he has several large farms. Mr. Hogan is a confirmed bachelor.

Miss Emily Markham—Now Mrs. I. C. Durham. She is the wife of Mr. Durham the president of the Durham Hosiery Mills in Durham, N. C. She is the mother of five children.

Mr. William Merritt—The owner of a large flower mill in Duluth, Minn. Mr. Merritt is married and has six children.

Miss Esther Metzenthin—Now Mrs. J. K. Lawford is a Latin teacher in Nebraska state college. She has two children.

Miss Katherine Morgan—Now Mrs. F. G. Hines, the wife of senator Hines from Ohio. Mrs. Hines lives in Akron, Ohio. She has three children.

Miss Frances Neville—Now Mrs. A. B. Cowden, of San Francisco. She is a great singer in the opera there. Her husband is the president of the San Francisco-New York air line.

Miss Mildred Parker—Now Mrs. J. K. Ellwood. She is a teacher in the Reading High School in Penn. Mrs. Ellwood is the mother of one child.

Mr. Paul R. Patten—He is now a football coach in Tulane University and is considered the best coach in the South. For the last three years he has turned out record teams.

Mr. Samuel C. Paulsen—Since the discovery of oil on his lot in Scranton, Penn., he has been touring Europe with his wife and five children. He is said to be a multi-millionaire.

Mr. Graddon Pendergraft—Senator from the state of Vermont. Mr. Pendergraft is said to be doing great things for the Representative party. He has just been married to Miss X. Y. Zebra.

Mr. William Perrie—Mr. Perry he used to call himself but since he and Mrs. Perrie have come out into society he has changed it to Perrie. He is living in the suburbs of New York.

Miss Rosa Raney—Miss Raney is doing welfare work up in the Blue Ridge Mountains. She has her home at Roanoke, Va.

Miss Lily Rae—Now Mrs. Isow Welle. She is residing at Salt Lake City, Utah. Her husband is a farmer there. He owns a very large corn farm. He produces more corn per annum than any farmer in the West.

Dr. Chauncey Royster—Mr. Royster is a very famous doctor. He has his home at Dallas, Texas. Very often he is called to New York or some other city to perform a very difficult operation.

Mr. Walter Teer—Mr. Teer has a very large dairy on the edge of Detroit, Mich. He is married and has three children. The state inspectors say that his is the purest milk in the state.

Mr. Francis Uzzel—Mr. Uzzel is married and is the father of six children. He is living at Jefferson City, Mo. He is a very famous draftsman.

Miss Kathcrinc Walker—Now Mrs. H. A. Trotter. She is the wife of the well known broker. She and her five children together with her husband live on Fifth Avenue New York City.

Prof. Joseph Warren—Mr. Warren is residing at Raleigh where he is teaching in the state college. He is famous for the invention of an anti-toxin for tuberculosis in cows. Doctors and physicians are trying to apply this to humans.

Mr. Auburn Wright—Mr. Wright is the great Wright, the football coach. He is now coaching the Yale football team which has not been defeated since he took the contract.

Mr. George Winston—An electrical engineer. He is now in Paris where he is working to perfect the new radio-propelled train. He is married and has four children.

Well, who would have thought it possible? I certainly never thought that my fellow graduates would ever get to be so widely separated. Old New York and The Hill seem to be the only places where more than one have settled. Well, here's wishing that they live happily ever after.

JUNIORS

Calvin Burch

Junior Class Song

THE SILVER AND THE BLUE

Tune: Princeton Song

I

*Through the three long years of High School,
With friends we hold so dear,
While seeking after knowledge,
We've worked through every year,
As we won athletic victories,
We've always fought for you;
And worked for dear old twenty-seven,
The Silver and the Blue.*

II

*And at last we're envied Juniors,
We've done all that we could,
To make our class the best,
As we resolved we would,
We have searched for higher honors
To prove that we are true,
And always will be loyal
To the Silver and the Blue.*

III

*When the cares of life o'er take us,
Mingling fast our locks with gray,
Should our dearest hopes be-tray us,
False fortune fall away,
Still to banish care and sadness
We'll always turn to you,
And recall those days of gladness
'Neath the Silver and the Blue.*

RUBY HUNT, '25.
MILDRED WALKER, '25.

ERIC ABERNETHY, JR.

*We all think Eric's just gobs of fun,
Here's hoping he'll be successful when
the race is run.*

MARY ADAMS

*With a mind beyond compare, sparkling
eyes and sunny hair,
Here's wishing her success and a life
without a care.*

JAMES BARRETT

*Studious, yet jolly, quiet, yet clever.
Does he fail to work? No! Never!*

PLACID BENNETT

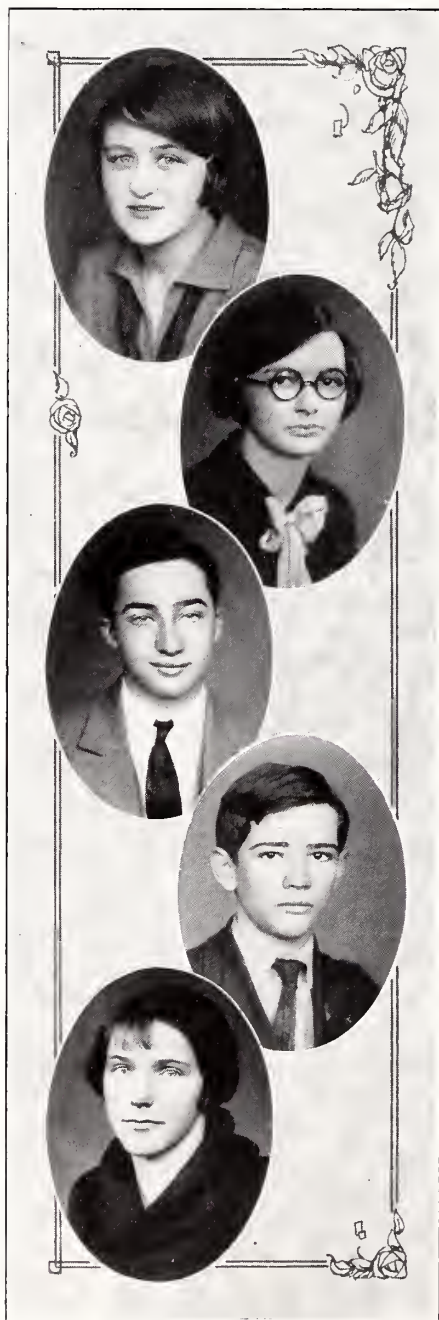

*She's a quiet girl and has her lessons on
the dot,
Here's hoping success will be her lot.*

FLOYDE BURCH

*In what ever it may be, it is never too late.
To wish and hope—Prosperity be your
fate!*

Hilllife

ELSA CRAIG, President

*Eyes, sparkling pools of sapphire blue,
Bundle of girlish charms, a friend so
true.*

MARGARET DANIEL

*With deep and tender eyes,
Like stars, looking downward from the
skies.*

ODELL GRIFFIN

*They all say Odell knows his stuff,
Even when Math and Caesar get rough.*

GEORGE HENRY

*Clear-headed friend who untangles knots,
Up the hill of life always he trots.*

LUCILLE HOGAN

*In athletics hailed supreme,
In our hearts enthroned a queen.*

WADE JACKSON

*He holds the envied position of marshal
of our class,
Which proves that in our estimation he's
never last.*

MAJORIE KIMBALL

*Her eyes are bright, her mind is clear,
Wherever she is, mischief lingers near.*

BEN LANE

*He's a jolly good sport,
With a mind of a rare sort.*

STRATTON LAWRENCE

*Humorous, jolly, and care-free,
An all-round good fellow, and that is he.*

DEWEY MITCHELL

*With giggles and grins, she meets life
with a dare,
For to her the world is without a care.*

Willife

KOELLER PARKER

*In her heart the dew of youth,
On her lips the smile of truth.*

MAREA PENNEY

*A sweet smile and sparkling brown eyes,
Oh! just "Reccie" whom de dearly prize.*

THOMAS RANEY

*O, well for him whose will is strong,
He suffers, but he will not suffer long.*

ERNESTINE REYNOLDS

*Beautiful to us she seems,
Like the idol of our dreams.*

BAXTER TAYLOR

*Smilin', grinnin' every day,
He takes life in an easy way.*

Willife

MARGARET TEER

*Athletic, carefree, and gay,
With the spirit of a sport she goes her
way.*

RUBY THOMPSON

*Always generous, always true,
Hair of black, eyes of blue.*

MAE THRIFT

*She has no scorn of common things,
'Round us her heart entwines and clings.*

JOHN WARREN

*Skillful in Math, expert in English,
Here's to John, for next year he'll finish.*

JAMES WEAVER

*He is one of our grandest boys,
Always full of jokes and joys.*

Willife

JESSE WEST

*O, what glory doth this world put on,
For him who, with fervent heart, goes on.*

META YEARGAN

*Her life is a river, gliding free,
Here's hoping, Meta, happy you'll be.*

The Morrison Literary Society

This has been the most successful year of the Morrison Literary Society. The clubs have done better work than ever before, due to the more intense interest of their members. Every person found the club whose work he most enjoyed and for which he was better suited and worked for its good, helping the club as well as himself. This was proven by the very interesting programs which were given at the regular monthly meetings of the society by the clubs in turn.

Won by Graham at
Graham.

This year Chapel Hill was placed in a triangle with Lexington and Graham, but Lexington withdrew from the contest.

MRS. WILLIAMS' CLASS IN PIANO

Music in the School

The aim of the school is to give every child an opportunity to study instrumental and vocal music. It is quite true that every student who studies music will not make a polished musician, and it is not the aim of the school to undertake such a problem. It is just as important to be a good listener as a good performer. For that reason the child is being trained to appreciate and love good music just as he is being taught to enjoy good literature.

The school offers the following opportunities in music: Public School music, Band, Orchestra, Piano, and Kinscella class method of piano instruction.

Public school music is taught under the direction of Miss Aiken to every pupil in the elementary school and to about sixty per cent of the high school pupils. Through public school music the children learn to sing, and are taught the rudiments of music which they must know before appreciation can be developed.

In the Band and Orchestra directed by Mr. Sides the pupil has the opportunity to learn to play the various instruments collectively and as solo instruments. Private lessons are given on all instruments.

Mrs. J. M. Williams gives private lessons in piano and Kinscella class instruction. Through the Kinscella plan the children learn to play the piano as a class and not individually.

The Chapel Hill School Activities Association

The athletic activities of the school have received greater and stronger active support from the student body proper than in years before.

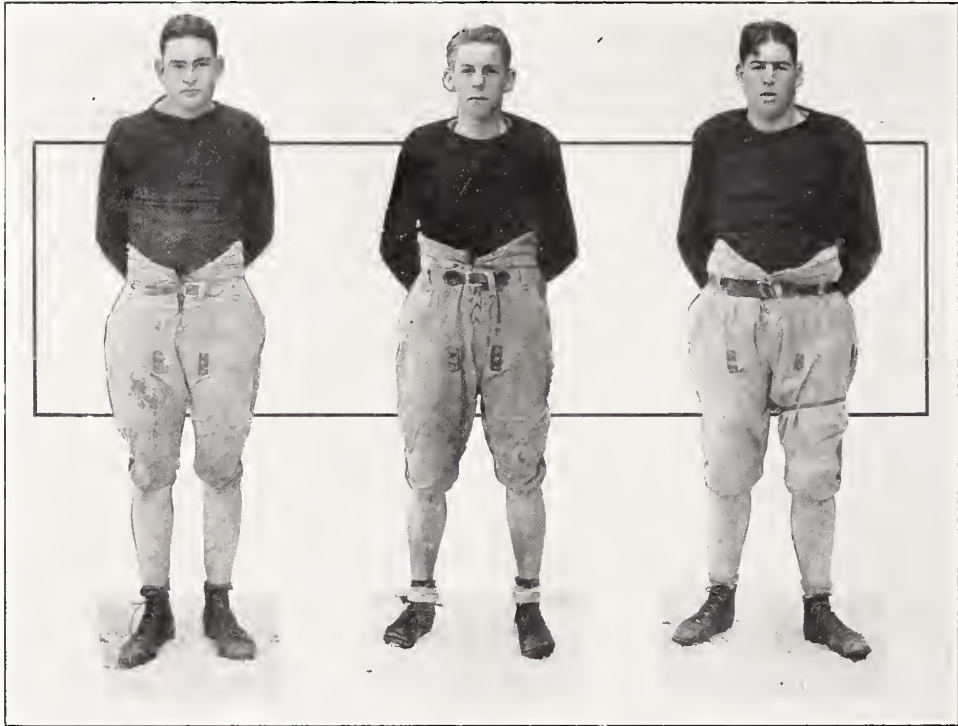

Twenty-eight responded to the call of football; fourteen for basketball and twenty-one for baseball. A review of their work may be found in the following pages.

Financially, the season has thus far progressed without serious indebtedness which is hoped will be on an even keel when the season closes. No aid thus far has been asked of the citizens or School Board and with added support in the matter of attendance of activities before the end of the scholastic year, it can be counted a year of self support.

Superintendent Sides arranged the schedules of the games. "Jimmie" Fowler looked after the equipment and transportation of the teams. We thank those citizens who so kindly offered their cars and time for this and other things.

The girls' teams did especially well. General conduct of teams away from home was excellent and both coaches, Miss Atkinson and Mr. Abernethy, deserve great credit and praise.

G. H. PAULSEN, *Business Manager,*
High School Activities Association.

Williams

Burch

Williams

Football Write-Ups

CAPTAIN JOHN WILLIAMS, *tackle*—180 lbs.

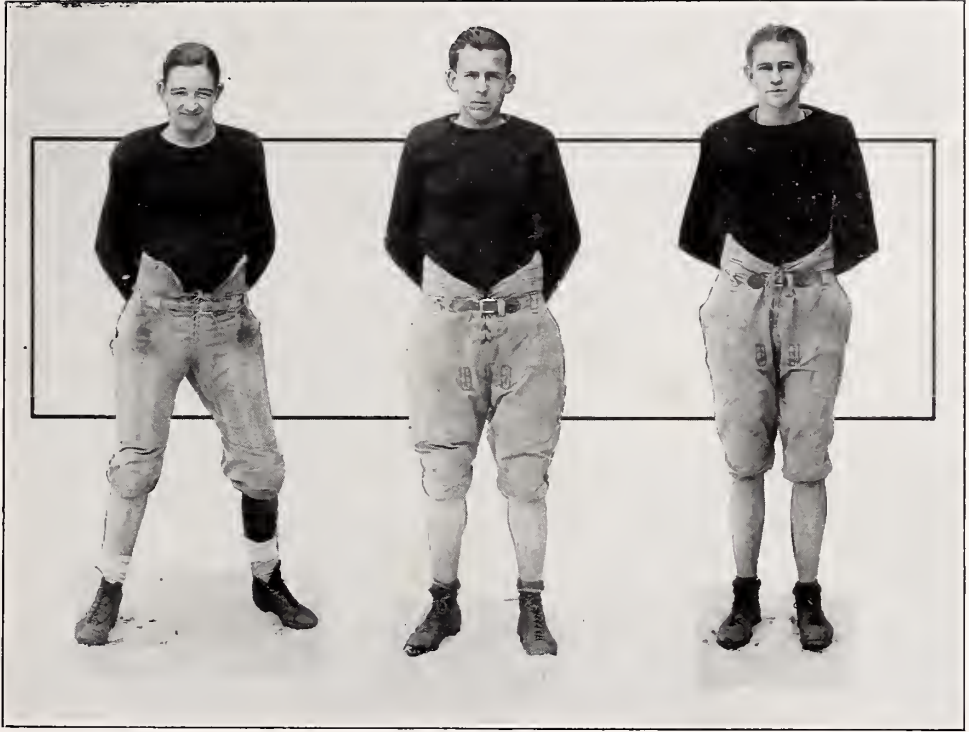

As captain of the team John played the best season of his career. He performed consistently all the time and inspired his men with confidence.

CALVIN BURCH, *center*—140 lbs.

Burch was the most brilliant playing linesman in a line that was the best defensive in the state. He was given an all-state berth at center.

JAMES WILLIAMS, *tackle*—215 lbs.

"Big Jim" was the heaviest man on the team and the steadiest. His weight was a big asset and there was scarcely any ground gained over him all season. He was placed on an all eastern berth.

Fowler

Bennett

Perry

Football Write-Ups

JAMES FOWLER, *guard*—175 lbs.

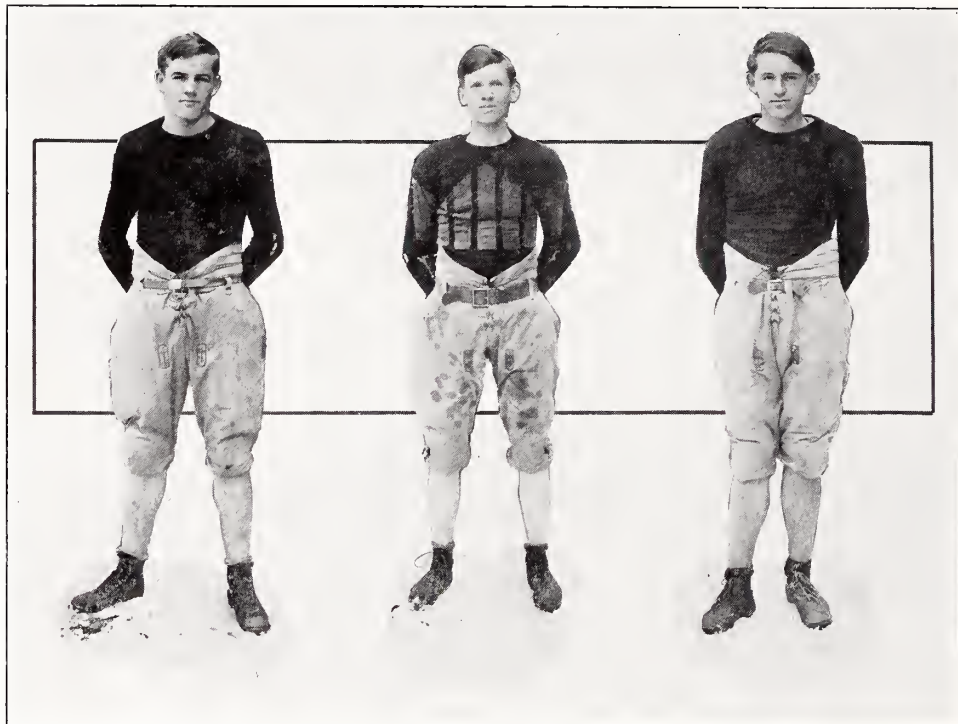

By his reputation of being the "fightnest" man on the team Fowler's play was always scintillating. He will probably make all-state next year.

HARVEY BENNETT, *end*—155 lbs.

Bennett was one of the best defensive ends in the state and probably would have performed better had he not sustained early season injuries. He stood head and shoulders over any end in the eastern half of the state.

WILLIAM PERRY, *end*—160 lbs.

Perry played a consistent line game all season and was at his best on the defensive. His ability to break up interference was his greatest asset.

Teer

Durham

Hogan

Football Write-Ups

WALTER TEER, *fullback*—180 lbs.

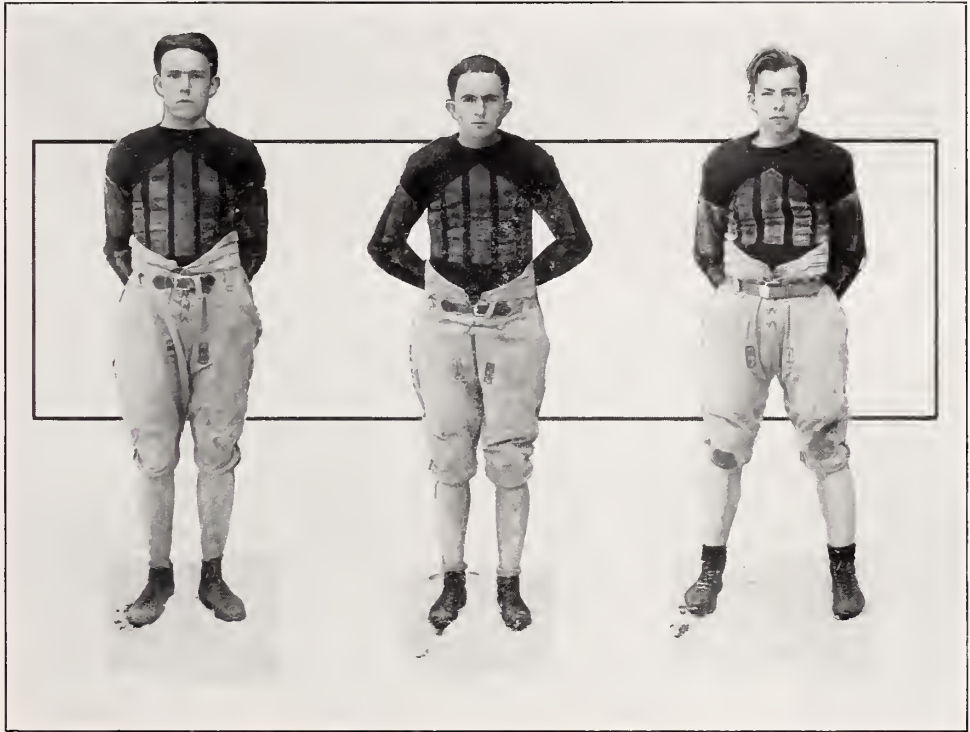

Playing his first season of football Teer proved to be a powerful driving fullback. His greenness was early overcome and his defensive work was great.

JACK DURHAM, *halfback*—140 lbs.

As the only reserve back on the squad that was dependable, Jack played a wonderful game. His ability as an open field runner should stand the varsity in good stead next season.

HUBERT HOGAN, *guard*—165 lbs.

Hogan's consistent line playing always steadied his teammates and won his opponent's respect. He lived up to the fighting reputation of his team and stuck until the final whistle in spite of odds.

Pendergraft

Wright

Paulsen

Football Write-Ups

GRADON PENDERGRAFT, *halfback*—150 lbs.

"Pendy," a veteran of four seasons, played his last season in great style. He was always consistent and at times brilliant. He alternated at quarter with Wright.

AUBURN WRIGHT, *quarterback*—165 lbs.

Wright was the fastest and most spectacular back on the team. He would have easily made all-state quarterback had he not sustained a broken collarbone in a pre-championship game. He passed, place-kicked, and ran above the average.

SAM PAULSEN, *right halfback*

Sam played a good consistent game, starring in many, being especially noted for his fast line plunges. First he played well in the line but was shifted to the backfield where he did most excellent work.

Football Season, 1925

CHAPEL HILL 31—MEBANE 0

The first game of the season was played under unfavorable conditions. The weather was exceptionally hot. The Hill boys scored at will and presented a puncture-proof forward line. Several new men showed up well.

CHAPEL HILL 13—ROCKINGHAM 7

The Rockingham team were State Champions in 1925 and were conceded an edge over Chapel Hill's team. But the Hill team exhibited such pep and fight that they completely swept their opponents off their feet. Their defense was stubborn and they showed a working knowledge of the game. Fowler and Durham were the stars in the line while Partin and Wright showed some fast backfield running.

CHAPEL HILL 0—ELON COLLEGE SCRUBS 0

Playing on a rain soaked field against heavier and more experienced opponents this game resolved itself into a punting duel. The Hillians completely stopped their adversaries and showed quite an advantage. Burch in the line and Wright in the backfield starred.

CHAPEL HILL 0—FAYETTEVILLE 0

Fayetteville's scrappy team caught Chapel Hill on an off day and held them to a tie. The lack of punch to score when within striking distance of the goal caused the score to be as it was. Hogan and Teer starred in this encounter.

CHAPEL HILL 0—DURHAM 0

It seemed as if the Hillians were doomed never to score anymore but were equally as stubborn in letting other teams score. This game was hard fought from the first to the last whistle with Chapel Hill exhibiting the best brand of football. The Williams brothers Partin and Gooch all showed up well in this game.

CHAPEL HILL 20—OXFORD 0

Chapel Hill broke their non-scoring streak with a vengeance and overwhelmed Oxford's Wildcats. The locals scored at will, and were never in danger. Perry, Pendergraft and Teer scintillated in this game.

CHAPEL HILL 6—HENDERSON 6

Another tie on a muddy field brought the tying streak up to four for the season. Henderson was completely outclassed 20 first downs to 1 but were lucky. Bennett and Paulsen displayed good football in this game.

CHAPEL HILL 33—HILLSBORO 0

Playing their first championship series game, Chapel Hill swamped Hillsboro. The locals were able to register but 2 first downs and all of the Chapel Hill subs got a chance. Fowler was the line star while the whole backfield performed brilliantly.

CHAPEL HILL 2—RALEIGH 0

This game was undoubtedly the best of the season and called into action better football talent than any other one game. Raleigh presented a well oiled machine with a powerful offense and a good defense. Burch's line playing was a feature while Paulsen's punting was exceptional, some of them going for fifty yards.

CHAPEL HILL 0—SANFORD 0

In a hard fought muddy contest Chapel Hill was held to a tie by Sanford, eastern champs. Chapel Hill had the edge in first downs and showed a considerable edge. Wright in the backfield and Captain John Williams in the line were the stars.

CHAPEL HILL 0—SANFORD 13

Presenting an irresistible offense and a good defense, Sanford swept the fighting Hillians aside in their mad scramble for another championship. Chapel Hill displayed a wonderful aerial attack that could not be stopped and threatened to score.

Tennis Champions!

My, what a surprise old C. H. H. S. got one morning when she was presented with a beautiful silver cup which we had won in tennis! No one even knew we had a tennis team except two fine young men who had been faithfully practicing. They entered the state contest, unknown to most of us, who paid no attention to it when we found it out, until they made us, by beating everything in the state, winning the contest in doubles. It took the state champion to beat "Bill" in the singles.

Give nine "ra's" for *Bill Merritt* and *Sam Paulsen* and make it strong! Sorry the news came too late to get their picture in; look for them among the Seniors.

GIRLS' BASKETBALL SQUAD

Girls' Basket Ball

This year girls' basketball in C. H. H. S. ascended to a higher plane than ever before. The team went through the season without a defeat and added in the State Championship for District No. 3 for good measure. Minnie Atkinson, physical director and coach of the girls team, had brought the Hillians to the final game of the state series. Three times her team lost the championship by just one point.

The season of 1923-'24, and the brilliant work of Estelle Lawson, Captain "B" Walker, Myrtle Sugg, Hallie Andrews, Bettie Winston, and Lucille Hogan is still fresh in the minds of all Chapel Hill basketball fans. Even yet it seems as if the rough guarding of Wilmington's center guard in the final minute of play, which added the winning point to their score, should be protested.

Later than this even is the brilliant season of 1924-'25. Capt. Sugg, assisted by Gladys Durham, Frances Neville, Lucille Hogan, Mary Lynn Giles, and Mildred Parker administered a defeat to all of their adversaries except one. Burlington attacked the team the same time influenza did. The "flu" kept Captain Sugg out of the ranks and Burlington tied the score. The tall golden sextette from Oxford was outplayed on two occasions, first in a pre-season game in which the Hillians won by three points; later in the first of the championship games which finally ended in a tie. In playing off the tie the team work of the Chapel Hill girls, which they had displayed on previous occasions, was sadly lacking—and the only wonder is that Oxford did not carry home more bacon than it did.

During these two seasons the team played as many games with as many strong teams as this season. When it comes to individual stars the Chapel Hill High School will probably never have as good girl athletes again as Estelle Lawson, Lucille Hogan or Myrtle Sugg, certainly not better. Yet we said in the beginning basketball this year "ascended to a higher plane than ever before." If so, why can this be said?

In the fall of 1925 there were three major berths empty. Captain Neville, Lucille Hogan and Mildred Parker were back and each of them as well as Coach Atkinson were determined for some one else to taste the dust of defeat this year. There seemed to be little chance, however, for a magnifying glass was needed to make the recruits who answered the first call to practice look large enough for even a midget team. By shifting here, substituting there, and drilling everywhere, Coach Atkinson whipped a team into shape whose work was swift, accurate and clean.

The work of the offense was powerful with three forwards who could not be kept up with and would shoot from any and all angles, regardless. The passing was fast and graceful—Hogan, as leader, was doubtless the outstanding forward of the state, for she played every inch of the floor, stretching for balls, dodging away from the guard, jumping, passing, timing and shooting. In fact she was probably the best all-round athlete; for it was reported she could swim at two years; certainly she can now. In baseball, track, volley ball or tennis she was a star and can ride horse-back like Tom Mix. Mildred Parker, her team mate for two years, was at home on any section of the court and in any type of play. She has played in every game this year and *all* of every game except one. She was taken out then to give a substitute a "try out." Her passing and shooting were extraordinary. As for little thirteen year old Gooch, she played like a veteran and was possibly the fastest man in the squad. With three more years to go she will roll rings around some good guards.

In the guard section, Captain Frances Neville has been the one steady man on which to count. She had trifled at the game for a year or two, but buckled down to it proper as the general of her team. A better captain has never represented a high school team. She watched her team all the time and directed them in the very best of play, calling time or urging them on as the occasion demanded. Any number of times she intercepted the ball the instant it came into her territory but still she never seemed to forget that she was responsible for one forward. Her guarding was perfect and her passing a marvel to behold! During the season she was not taken out of the game even for a moment. Walker, substitute of last year's team, should have an upper berth. Her passing was good and, at times, her guarding was all it should have been. The High School Dramatic Club claimed part of her practice time. Absence from practice and lack of drill kept her from being one of the fastest guards in the state. The honor of the other place will have to be shared by Pickett, "Little" Page, Williams, and McIver—the greater part to the latter. Her work in the final championship game, alone, was enough for a season.

It was the team work of the group as a unit that has put them above their predecessors. One forward sacrificing for another to shoot; all guards playing like grim death and feeding the forwards the ball with long and short passes. No wonder the work of the Hillians has been called "clocklike"!

There is not time to tell of all the games or of the brilliant work of different individuals. Some of the most interesting games have been with our near and brilliant rivals, Hillsboro, Lexington, Leaksville, and Greensboro. At no time and in no game were the Hillians in any danger of being defeated. Always they rallied to keep the rivals well in the background. Usually they played just hard enough in the first half to make the game interesting and lead in the scoring. Then in the second half the "pile up" began. There were a number of teams, who, learning the strength of the "Petite Wonders", refused to schedule games or cancelled the games already scheduled.

The schedule follows and speaks for itself:

Chapel Hill.....	42,	Hillsboro	29	Chapel Hill.....	64,	Dur. Teachers	11

Where Go to College?

There are three major considerations that determine the Greatness, or the Potential Greatness, of an Educational Institution:

1. The Plant, including grounds, library, classrooms, laboratories and apparatus.
2. The Faculty.
3. The Student Body and its democratic standards.

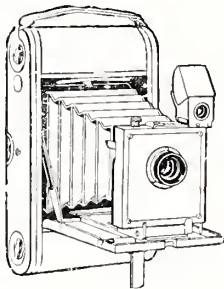

In addition to the forty buildings already on the campus, the State of North Carolina is this year putting a half-million dollars into new buildings and equipment. The Library of 151,000 volumes is spending \$24,000 annually for books and periodicals.

There are eleven schools in addition to the College of Arts: Graduate, Law, Medicine, Engineering, Pharmacy, Education, Commerce, Public Welfare, Applied Science, Summer School and Extension Division.

The Faculty numbers 165 of the country's best scholars.

UNIVERSITY OF NORTH CAROLINA SUMMER SCHOOL, 1926

FIRST TERM, JUNE 11-JULY 20.

It is not too early to begin laying your plans for summer study in 1926.

The University of North Carolina Summer School will again operate two terms, or a regular quarter.

This Summer School is ever mindful of the needs of the teachers of North Carolina.

It is operated by a standard-grade institution that is an honored member of the Association of American Universities.

It spares no expense to provide the best of instruction and wholesome entertainment of an educational character.

For further information, address

SECOND TERM, JULY 21-AUGUST 28.

It is a Summer School of distinction for progressive teachers.

In the First Term last summer there were enrolled 1,384 students, and in the Second Term there were 717.

Unusual opportunities are provided for graduate students. There were 269 graduate students in attendance last summer.

Preliminary Announcement sent on application.

Complete Announcement ready for distribution April 1st.

Athletic Goods

No Worry Today!

Nor any other day—about the mess
around the house on WASH·DAY—

Just Bundle Up

The ENTIRE WEEKLY FAMILY
WASHING—Phone 28 and we will
call promptly—relieve you of any and
all worry—for we wash your gar-
ments and linens much better than
when washed at home or elsewhere—
furthermore we do iron them with
infinite care; and the price!—much
less than you imagine and the service
so much better.

Send It To Us—

A Trial Will Convince You.
